

RALLY AT MCI-NORFOLK PRISON: WE DEMAND CLEAN WATER & REFORM NOW!

Sponsors: Jericho Boston, Stuck On Replay, Sistas Unchained, Young Abolitionists, Black & Pink

Those inside Norfolk Prison and other prisons are currently suffering from unhealthy water. While the dogs drink clean, bottled water, the prisoners drink brown contaminated water. This is a call to groups and individuals who are engaged in prison reform and abolition, as well as those with loved ones inside Massachusetts prisons. We are a group of concerned citizens who come from all walks of life. We recognize that those inside our prisons are coming back to our communities, and how they come back is of great importance to us. We demand clean, portable and accessible water for all prisoners. We demand an end to visitation restrictions, and an end to the unjust, cruel charges on money sent to prisoners!

We will caravan from the Reggie Lewis Center at 1pm. Please call The City School at (617) 822-3075 if any questions.
